Salt Lake won the opening game with Spokane at Spokane yesterday, the score being 6 to 1. The victory was the result of Essick's masterly pitching. His control was perfect and he held Reilly's redskins down to seven hits. He was given good support throughout as the team behind him did not make an error.

Hogg did the slab work for the Indians and was pounded a plenty. In the ninth inning Sait Lake jumped onto Hogg for four hits and three earned runs. The score follows:

ATHLETICS AT THE FORT. Monthly Field Day Exercises Yesterday

Afternoon Proved interesting. Afternoon Proved Interesting.

There was quite a large crowd at Fort Dougias yesterday afternoon to witness the August field day events between the soldiers of the Twenty-ninth infantry and the Twelfth and Twenty-second batteries. The meet was conducted by Lieut. R. O. Patterson, and the program proved unique and highly interesting. The main feature of the mest was the company rare when officers and men dashed along side by side, each one striving to win. The events and results were as follows:

100 yards dash was won by Private Medariaon of the Twenty-second battery, his time being 11½ seconds. Private Paderg of Company F came in second, his time being 12 seconds.

The running broad jump was taken by

berg of Company F came in second, his time being 12 seconds.

The running broad jump was taken by Private Bryant of the Twelfth battery. He cleared It feet. MeHilton came second with 16 feet, 9 inches.

Four men from each of the infantry and batery companies competed in the mile relay race. The Twenty-second battery team won this event.

Private McClarinon of the Twenty-second won the 120 hurdles. Private Miller of the Twenty-second. The running high jump was captured by Private Code Hacket of H company. He jumped five feet.

But the interesting event of the day was the hig race of 10 oyards between infantry companies, two batteries and their officers. Each company ran in turn, and the time was taken of the last man over the tape, and also of the last man and then the average was figured up. Company G made the first run, the others running in the following order:

Twenty-second battery, company I. company H. The Twelfth battery was declared the winner in 143-9 seconds, and company H was given second place with a score of Eal-16 seconds. Company L came in third, its time being 151-5 seconds. The last event was a tug-of-war which was won by a team representing the Twenty-second battery. The team from H company was second.

Autos Make Long Climb.

On Tuesday there was quite an auto ranged to make a trip up City Creek canyou as far as the machine would go. The
principal chaffeurs were Mr. Snow, Mr.
Cummings and Bert Fuller, Each "car"
was loaded with humane freight, and a
trip of 16 miles up the canyoyn, over some
of the roughest road, was made. The
party returned without a mishap, but, of
course, the machines had to be overhauled
and put into god owrking order again.
The party unanimously declared that they
had a most enjoyable time.

ENCOURAGES ATHLETICS.

Gen. William II. Carter Strongly Urges Gen. William H. Carter Strongly Urges
Field Contests as Means of Recreation.
Washington, ug. 31.—In his annual report Brigadier-General William H. Carter commanding the department of the Visayas in the Philippines, strongly urges the encouragement of athletic sports among the soldiers to supply the present lack of means of recreation and carefully reguladted and abundant employment as the most wholesome antidote for the effects of Philippine service in time of peace. He holds that the number of troops in the islands and their distribution should be definitely determined. He says that no insurrection or invasion can succeed if deprived of the control of Manila and the principal seaport cities and that their occupation is a military necessity. Temorpary construction and makeshifts of every kind only serve, he says, to develop and confirm in the minds of Filipinos the idea that Americans do not intend to hold the islands permanently, so the matter is properly one for the study of the general staff.

A considerable portion of the report deals with the operation of ladrones in this department during the past year and General Carter says:

"I am of the opinion that it is of no benefit to the good people of these islands and will delay their ultimate Americanization if the evil element is allowed to threaten, harass and openly attack American, soldiers without immediate action by the commanding officer nearest to the place where the offense is committed."

The reason of this complaint is a general order which leaves only the civil authorities to deal with such offenders. Field Contests as Means of Recreation.

AMERICANS ARE WINNING. Events at St. Louis Prove They Are the Best of Athletes.

Best of Athletes.

St. Louis, Aug. 21.—Today, the third day of the 1994 Olympian, one world's record fell before the prowess of an American, and three Olympic records were broken, the laurels going to two Americans and a Greek; and one Olympic and world's record was broken, but owing to an unfortunate accident the time will not be allowed in the latter as the official record. H. L. Hillman of the New York Athletic club ran the 460 metre hurdle in 32-5 seconds under the Olympic and world's records. Hillman was forced the entire distance by Frank Waller of the Milwaukee Athletic club, who finished second, and in the excitement of the race Hillman failed to clear the last hurdle cleanly and the barrier felt to the ground, disqualifying his record but not affectcleanly and the barrier fell to the ground, disqualifying his record but not affecting the result of the race.

The 200 metre run again brought out a field of record-breakers. Hahn of the Milwaukee Athletic club won the first heat in the record time of 221-5 seconds. He fought the distance with W. J. Cartnell of Louisville, Ky., and only won by inches.

### NEWS FROM BOXERS AS DAY APPROACHES

Both Nelson and Herrera Are Confident and Are Training Hard.

TED MURPHY AND WOODS

They Have Had a "Falling Out" and Are Not Drinking Together -The Reason Why,

The following story was sent to the Butte Inter-Mountain from Gregson Springs where Battling Nelson is train-

"What Nelson will do the Mexican next Monday afternoon will be beyond mention," said Teddy Murphy today, "A surprise? Well I guess yes, and a big surprise at that.

"You know we beat Eddie Hanion, and he was the pride of California, and the next in line will be Herrera, the pride of Montana, I think I will take the Dane or a tour of the United States and try to ferret out all the village champions and beat them, and after it is all over Nelsor will be the pride of the United States." Today was a hummer in training quar ters. Nelson cut loose for a few round with Mose Lafentise, and showed the visitors to the camp just what he could do when he let hamself out. For three rounds it looked is all Nelson was out to make Lafontise, and only Mose's clever blocking and getting usite porevented a knockout.

blocking and getting usife prevented a krockout.

Nelson is saving his hands, and wirtake no chance of injuring them on either Sid or Mose, and for this reason prefer to have his trainers go after him hammer and tongs rather than to extend himsel and risk getting a strained knuckle opossibly a broken one.

Since arriving at the Springs Nelson has worked up his wind until he can go any pace set for him, and finish fresh and throughled by the altitude.

When not working Nelson amuses himself who a calf that belongs for the establishment. In the morning Battling will go to the increasure where the calf is browsing on grass, and then a bit of funbeging. Nelson gets the calf by the tail and the calf gets the last call for dinner and cuts lose around the inclosure with Nelson a close second.

"I believe I will get a calf every time I train," said Battling. "It is great exercise to worry with the little fellow and gets the logs in fine shape. Jeffries had his pet pig and Munroe his bear, but my calf has tnem all beaten.

"Hererra will have about as much chance to get away from me as that calf, and wil not be half so hard to catch. I will be in Butte on Labor day it to fight anything wisking, and those who attend the battle will have no occasion to complain of my performance."

TEDDY AND JOE FALL OUT.

TEDDY AND JOE FALL OUT.

Teddy Murphy positively refused to "have something" with Joe Woods.
This is the first time on record where the "boy manager" refused to be sociable. It all happened this way, Woods, Murphy and Billy Nolan met one night last week and drew up articles of agreement, and all signed. For once in the history of matchmaking neither man had a kick coming, and as soon as the remarkable articles binding the match were presented they all signed, and then some one proposed a little refreshment.

In due time they were before the mirror and something sparkling was standing before them on the counter.

"Here's hoping my Dane will knock your Mexican's block off." said Murphy, as he tossed off the beverage.

Woods was like the boy who got in the way of the calf—he had nothing but stares in his countenance. After a short conversation Woods said: "Well, the next is on me."

"Northing doing for me." said Teddy.

is on me."
"Nothing doing for me." said Teddy.
"I know what you want. You wish to tell
me you hope Herrera wil beat Nelson in
a wallop, and I won't give you a chance.
I drank to Herrera's health when I had
Santry out here. Not superstitious, but
well, I bought a drink, anyway, so
what's the use?"

ON THE RACE TRACK.

Caughnawaga Won Twin City Handicap Worth \$13,000 in a Hard Drive.

New York. Aug. 31.—In a hard drive Caughnawagh, at 3 to 1, won the Twin City handicap, worth \$13,000 to the winner, at Sheepshead Bay today, with Dainty second, and Grazalilo third. The mile and a quarter was run in the fast time of 2:05. McChesney, who won this stake last year, defeating Hermis, was made favorite today on the strength of a very fast trial, but was always outrun, finishing next to last.

ite today on the strength of a very fast trial, but was always outrun, finishing next to last.

The start was bad. Dainty being practically left at the post when the barrier was sprung. Gunfire went to the front in the first few strides and led her field a hot pace. Rounding into the back stretch she was leading by a length over Caughnawagh with Hurst Park in third place. At the far turn Burns sent Caughnawagh up to the leader. Dainty, who gradually closed up her lost ground, raced into third position on the far turn. Coming into the stretch Caughnawagh was leading, but Dainty was not to be denied, and in a hard drive which lasted from the head of the stretch to the wire Caughnawagh won by half a length.

Artful, winner of the Futurity on Saturday, today added another victory to her list by winning the \$10,000 great filly stakes. Artful and Rose of Dawn were coupled in the betting and held at the prehibitive edds of 1 to 15. Artful and Belle Strome, an added starter, ran close together to the stretch where Artful drew away and won under wraps by half a length in the fast time of Lill 3-5, which is one-fifth of a second faster than her time in the Futurity.

GRAND CIRCUIT EVENTS. Providence, R. I., Aug. 31.—Ten thousand people saw plenty of good racing on the third day of the Grand circuit meet at Narraganset park today.

The big attraction was the Roger Williams stakes for a purse of \$5.000 for trotters eligible to the 2:12 class last March. Seven responded to the call and Sweet Marie, the unbeaten California mare, won.

won.

Consuelo S, held at even morey against the field, was very rank in scoring for the opening heat and delayed the start for some time. When finally the word was given, Tiverton shot across to the pole with the favorite, in hot pursuit. Hese relative positions were maintained to the wire, the former winning by a eneith. The second heat was a dplicate of the set and then the judges took a hand he affair by removing Smith from the ending the second second

Marie and substituting Alta Me-Donald.

For the third heat Tiverton led to well beyond the haf, when Sweet Marie moved up and they raced like a team to the seven-eighths pole. At this point the New York gelding weakened and Sweet Marie won by a length.

The time of the heat, 2:0514, is the race record for the year made by trotters. This was th decisive point in the contest, for while Tiverton tried his hardest in the cent two heats. Sweet Marie held him next two heats Sweet Marie held him

"PENNY" GOSSIP.

There was a ball game at Murry yesterday afternoon beginning at 4 o'clock, he-tween the Murray team and a team from dire ham canyon. The former won by a

It looks like a to ow between Walter Wil-mot of the Browlie team and President Lu-cas. The latter, it will be remembered, protested a against the sale of certain pistores. Now Wilmot informs Lucas that he has more men for sale, and that they will be disposed of to the highest bidder.

Jack Flannery, umpire, who held the in-dicator during the last series in Salt Lake, has resigned. He has quit the game to take up newspaper work, poor thing! He has secured a job in Helena, and roasts for the umpires may now be look-ed for. President Lucas will probably ap-point one Dick Smith in Flannery's place. We hope Smith is not like Jones.

It has been said that Jeffries Friday night proved himself invincible. He did no such thing. The Munroe episode no more tried the champion's mettle than a training bout. Munroe proved nothing. There are men in Los Angeles that should be favorites over him—"Denver Ed" Martin for instance. Even Sam McVey could beat Munroe. Jim Tremble at boxing could "show up" the miner.

The events and entries for the horse races at Calder's Park on Labor day have been made up and filled. The program consists of two harness events and one running number. The events and entries are as follows:

First race, named race for pacers and trotters, purse \$250-Cold Storage, owned by Tom McCoy; Sarah Green, owned by

Frank Wilson; Angle Duryea, owned by or. A. C. Hummelbaugh; Chester S. owned by A. Spiers,
Second race, named race for trotters and pacers in 2:25 class, purse \$160-Jeff, ewned by Hal Brown; Alfonzo, owned by Colonel N. W. Clayton; Ladysmith, owned by W. S. Ellerbeck; George M. owned by A. M. Pendleton; Ed Conroy, owned by Dr. Carson.

Third race, running match race, purse \$100-Hymn owned by H. Fletchail; Comodore, owned by E. A. Smith. If Jeffries means to continue fighting he will have to talk business with the burry negro. Jack Johnson, Jeff has insisted that he will not fight a colored man for the championship, and if he wishes t ostick to that technically he can battle with the negro with the understanding that the title does not go with the decision. The public would take care of the honors.

Unless Jeff meets one of the dingles—and Johnson is easily the best—he will have to quit the game. He is heartily sick of fighting dubs himself and unless shown more money than Friday night's receipts, it may be depended Jeffries will not take on another Munroe even should one crop up.

Should the champion star the country, picking off all comers as John L. Sullivan in his prime did. he could make good money. Agreeing to stop Fitzsimmons. Ruhlin, or some others of the big fellows in ten rounds or forfeit the purse would get him crowds. Nobedy would be worsted in paying popular prices to see the mills, either. But billing the same men as possible championship winners is another thing.

We don't know whether Otto Floto is re-sponsible for the following or not, but it was discovered in the Denver Post this

The king lives long, long live the king.

No new born champ walks in Jeff's shoes:

Old Fitz, with solar-plexus punch,
And next in rank to Death, Prince

THE NEW PRESIDENT OF BOLIVIA.

The recently elected president of the republic of Bolivia, Colonel Ismael Montes, is still a young man, being scarcely forty years of age. He is a lawyer by profession and has achieved an excellent reputation for ability as well as for probity. In the war with Chile he volunteered and went to the front. He was highly commended for his conduct in several engagements. He was minister of war under General Pando, the former president, and in this capacity he displayed great ability. President Montes is dignified in appearance and most agreeable in his manner. He has chosen a new cabinet, in which his father is minister of war.

# Transportation

At the great St. Louis World's Fair there are exhibited many methods of transportation, from the big mogul engine to the slow moving giant turtle, one of the sensations on the Pike in Carl Hagenbe Inimal Show

This mammoth is said to be several centuries old and several persons can ride on his back. He is a great diversion for children. The old fellow is naturally very slow, but there is little danger of falling off and no chance for a runaway. This great tortoise is one of the many interesting features that will be pictured in the
